

## **Michela Nanni**

Michela Nanni started her career in 1987 in the field of professional photography, including industrial photography, realizing surveys of vertical road signs system and subsequently approaching the sector of maintenance along transport infrastructures. She collaborated with several companies in this sector performing photographic reporting on construction sites and creating specific company profiles.

In 2011 she became the minority shareholder of Greenway Group Srl, a holding company that owns Ecogest SpA, Cotignola (Ravenna), and other companies operating in the sector of green areas' maintenance along roads and highways, thus beginning a professional and operational path of approach to Ecogest SpA.

Since 2019 Michela Nanni has been a member of the Board of Directors of Ecogest SpA, and has been delegated to coordinate and supervise the internal structure, supporting the HR department and the General Secretariat in reorganizing the overall management of the company's headquarters, as well as to support the Majority Shareholder in the determination of certain business choices that preceded the start of the company's internationalization processes in the European markets.

In 2016 she was appointed as a Proxy with specific duties as Manager of the HR department and support to the Sales Management of Ecogest SpA and its related subsidiaries and branches abroad, actively participating and sharing operational and strategic choices according to the indications of the Majority Shareholder.

As part of the internal renewal and succession processes of the Ecogest SpA's board, she was appointed as Managing Director of the company and have been delegated the exercise of the company's operational functions. This step, willed by the Majority Shareholder of the Group enabled him to focus on further developing commercial and strategic dynamics, and to maintain an exclusive dialogue with the main clients.

As a further step in the renewal of the corporate board and following the entry into the Ecogest SpA's BoD of a new managing director who is also the General Manager of the company, she was appointed Chairman of the BoD and CEO of Ecogest SpA. In 2021 she was appointed President of the new Canadian company incorporated in Toronto in September 2021.

Today, Ecogest SpA works in 9 Italian regions and is present in 3 foreign countries (Romania, France and recently Canada) with past field experiences also in Turkey and Poland. Ecogest SpA is a reference operator of the GAVIO family, the 1st largest Italian motorway and transport infrastructure private operator. Among the Company's main

clients: Autostrada del Brennero, Autostrada Milano Serravalle, Autovie Venete, Autovia Padana, Autostrada del Mediterraneo, Autostrada dei Parchi, and the entire Gavio network managed through ASTM SpA and SIAS SpA.
