

Michela Nanni Biography

Michela Nanni began her career in 1987 in the field of professional photography, including industrial photography, carrying out surveys of vertical road signs and later approaching the field of transport infrastructure maintenance. She has collaborated with various companies in the sector, producing photographic reportages on construction sites and creating specific company profiles.

In 2011, she became a partner in Greenway Group Srl, a holding company that owns Ecogest S.p.A, Cotignola (Ravenna), and other companies operating in the green maintenance sector along roads and motorways, thus beginning a professional and operational approach to Ecogest S.p.A.

Since 2019 Michela Nanni has been a member of the Board of Directors of Ecogest S.p.A, and has been delegated to the coordination and supervision of the internal structure, supporting the HR function and the General Secretariat in the reorganisation of the overall management of the corporate office, as well as supporting the majority shareholder in the determination of some entrepreneurial choices that preceded the start of the company's internationalisation processes in European markets.

In 2016, she was appointed Proxy with specific duties as Head of the HR function and support to the Commercial Management of Ecogest S.p.A and its subsidiaries and branches abroad, actively participating and sharing operational and strategic choices according to the majority Shareholder's indications.

As part of the processes of internal renewal and succession of the board of directors of Ecogest S.p.A, she was appointed Managing Director of the company and was delegated the exercise of the company's operational functions. This move, desired by the Group's majority shareholder, allowed her to focus on the

further development of commercial and strategic dynamics and to maintain an exclusive dialogue with major customers.

As a further step in the renewal of the corporate board and following the entry of a new CEO who is also the company's General Manager, she was appointed Chairman of the Board and Managing Director of Ecogest S.p.A. In 2021, she was appointed President of the new Canadian company incorporated in Toronto in September 2021.

Since 28th June 2023 she has been a member of the Board of Directors of IRF International Road Federation of Geneva –Switzerland.
